

# No Comparison. Guaranteed.

We'll meet or beat any competitor's similar offer for the same services\*. Whether it's our software solutions, pricing, equipment features, or 24/7 technical support, we have you covered. We've established our Customer Bill of Rights in order to solidify our commitment to you, our merchant, and ensure that you are a satisfied long-term customer. As part of this Bill of Rights, we guarantee you'll never have to switch processors when the "next best thing" comes along. We'll be here for you every step of the way and provide your business with programs and services that **grow your bottom line**. We're confident that we will fulfill all of your payment processing needs. Like you in your business, we won't be undersold!

## The Electronic Payments Customer Bill of Rights:

- ▶ You have the right to fair and equitable pricing and service fees for the job we do.
- ▶ You have the right to secure data and encrypted transaction processing.
- ▶ You have the right to a direct-processor relationship to cut out the middlemen.
- ▶ You have the right to 24/7 technical support.
- ▶ You have the right to honest and up-front dealings with your processor.
